

As a follow up to our September 1, 2010 Customer Choice Capacity Assignment presentation, UGI would like to remind Customer Choice marketers that October 15, 2010 is the deadline for selecting delivery and capacity assignment options. Marketers serving choice customers on the **UGI Utilities, Inc.** distribution system are required to make two elections. The election(s) made will be effective for the period December 1, 2010 through October 31, 2011. If an election is not made by October 15th, the default Capacity Assignment Option will be an assignment of capacity based on Option II shown in the second link.

There are two links below. One is for the September 1st presentation which will provide the necessary details regarding the available options. The second link provides an election form which should be completed and returned via email to Brian Fitzpatrick at bfitzpatrick@ugi.com. If you have any questions please contact Brian at (610) 796-3504.
